Focus Points

Bulgaria: New Subscriber Counting Method Ensures Alignment With Competitor's Restatement

Prepaid customers	Inactivity period: 12 months (voucher validity) -> 3 months (active usage)
Box services: Replicated fixed-line connection via 2 numbers	One mobile subscriber instead of two
Integrated Telecom Solutions (ITS): Fixed-line services for business customers (premises connected via fixed line; in-house service via pre-defined set of mobile numbers)	Counted as fixed-line customer instead of mobile subscriber

Rationale:

- > Increases transparency
- > Better reflects customer behaviour
- > Aligns Mobiltel with its competition
- > Better reflects Mobiltel's position as fully convergent operator
